City of Wharton Flood Advisory

Wharton, TX, January 26, 2024 – The City of Wharton continues to monitor the flood advisory of the Colorado River, issued by the National Weather Service. The current prediction shows the river will crest at 43.2 feet this evening, but depending on the conditions of the river this could change. The City of Wharton continues its preparations for possible minor lowland flooding and will continue to monitor the situation. Please stay informed by tuning into local radio, and television stations or by following the Wharton Police Department and/or City of Wharton OEM Facebook pages.
