## **FLOODPLAIN DEVELOPMENT PERMIT APPLICATION** **For Proposed Development on** **LANDS LOCATED IN FLOODPLAIN AREAS**

### **INSTRUCTIONS**

***TO COMPLY WITH FLOODPLAIN MANAGEMENT REGULATIONS AND TO MINIMIZE POTENTIAL FLOOD DAMAGE, YOU MUST CONSTRUCT YOUR PROPOSED DEVELOPMENT IN ACCORDANCE WITH THE FOLLOWING SPECIAL PROVISIONS:***

#### **SPECIAL FLOODPLAIN PROVISIONS**

1. For RESIDENTIAL structures, the lowest floor (including basement) must be elevated to one (1) foot above the base flood elevation (100-year flood elevation) as delineated in this community's Flood Damage Prevention ordinance. See provisions for manufactured homes in local regulations.
2. For NON-RESIDENTIAL structures, the lowest floor must be elevated to one (1) foot above the base flood elevation, or floodproofed to withstand the flood depths, pressures, velocities, impact and uplift forces associated with the 100-year flood as delineated in this community's Flood Damage Prevention ordinance.
3. For ALL STRUCTURES, the foundation and the materials used must be constructed to withstand the pressures, velocities, impact and uplift forces associated with the 100-year flood.
4. All utility supply lines, outlets, switches and equipment must be installed and elevated so as to minimize damage from potential flooding and water infiltration. Water and sewer connections must have automatic back flow devices installed.
5. For ALL STRUCTURES, an elevation certification from a REGISTERED ENGINEER, ARCHITECT or LAND SURVEYOR must be submitted stating that the lowest floor elevation requirement has been met. Failure to provide the required certification is a violation of this permit.
6. For NON-RESIDENTIAL structures, if floodproofing is selected rather than elevating, a certification from a REGISTERED ENGINEER or ARCHITECT must be submitted stating that the floodproofing requirements have been met. Failure to provide the required certification is a violation of this permit.

### **AUTHORIZATION**

I have received the above special provisions for flood plain development. Authorization is hereby granted the permitting authority and their agents or designees, singularly or jointly, to enter upon the above-described property during daylight hours for the purpose of making inspections or for any reason consistent with the issuing authority's Flood Damage Prevention ordinance. I further verify that the attached information is true and accurate to the best of my knowledge and belief.

Floodplain Administrator

**Permit Fee: \$50.00 Non-refundable**

**WARNING:** The flood hazard boundary maps and other flood data provided by FEMA for evaluating flood hazards to proposed developments are considered reasonable and accurate for regulatory purposes and are based on the best available scientific and engineering data. On rare occasions greater floods can and will occur and flood heights may be increased by manmade or natural causes. Issuance of this permit shall not create liability on the part of the City of Wharton, City Administrator, or any officer or employee of the City of Wharton in the event flooding or damage does occur.
