

About the WHARTON DOWNTOWN MASTER PLAN

The City of Wharton is currently in the process of developing its Downtown Master Plan, which aims to create a vision for Downtown Wharton. This master plan will serve as a guiding document for the anticipated growth, development and revitalization of the downtown area. It will provide a framework for future policies and programming to promote downtown as a vibrant destination and enhance the quality of life for residents, businesses and visitors. To assist with this important endeavor, the city has enlisted the expertise of the Ardurra Team and a Downtown Stakeholder Committee (DSC) consisting of stakeholders will guide the development this plan.
