Wharton County Office of Emergency Management has received no new reports of positive cases of COVID-19 today. There is a correction due to an addressing error that reduces the number of positives from 9 to 8 in Wharton County.

As testing continues, our efforts to stop the virus must not slow down and we must continue to work hard to slow the spread in our area. The Executive Orders issued by Governor Abbott remain in effect statewide. The Governor has ordered Texans to stay at home, only go out and about for essential work or to retrieve essential goods. This means that you may go out to the grocery store, seek medical care and continue the use of drive-thru, pick-up and delivery services for food and drinks from local restaurants. The order also mandates all non-essential businesses to close.

Wharton County OEM will provide updates at <http://www.co.wharton.tx.us/> and on Facebook.
