

House Move Application Instruction Page

You must apply for a House Move permit if the loaded width exceeds 20 feet at the widest points.

Instructions for completing the House Move permit request process: (House mover works directly with the Motor Carrier Division (MCD))

1. Applicant submits application to MCD including exact dimensions and weight, vehicle information, starting and ending locations and requested start date.
2. Applicant either:
 - Completes Form MCD-109, House Move Route Form and faxes it to (512) 465-4254, or
 - Enters information into the Texas Permitting & Routing Optimization System (TxPROS) at TxPROS.TxDMV.gov.
3. MCD will determine the most practical route and will send a route inspection form to the appropriate TxDOT District Permit Coordinator for approval.
4. After approval is received, MCD will furnish the applicant with a proposed route on a House Move Route Inspection Form.
5. Upon receipt of the signed route inspection MCD will issue a permit and send a copy to all appropriate districts.

Applicant Responsibilities

1. Applicant must submit request 3-5 days in advance of movement date.
2. Prior to obtaining a House Move permit, an applicant must:
 - Comply with TxDMV Motor Carrier Registration requirements OR, file a surety bond in the amount of \$10,000 with TxDMV (Form MCD-439).
 - Register vehicles under the provisions of Texas Transportation Code, Chapter 502.
 - Register with UCR upon notification.
 - Comply with Federal Motor Carrier Safety Administration (FMCSA) requirements.
 - Provide valid payment method: Cash, Credit Cards*: American Express, Discover, Mastercard, Visa, First Pay (Frost Bank), or Escrow. *A service charge of 25 cents plus 2.25 percent of the total fee amount will be added to all credit card transactions.
 - If gross weight of vehicle and load exceeds 80,000 lbs. or exceeds legal weights per axle or axle group the weight information must be provided. See Example Page on how to provide this information on Form MCD-109 or in TxPROS.

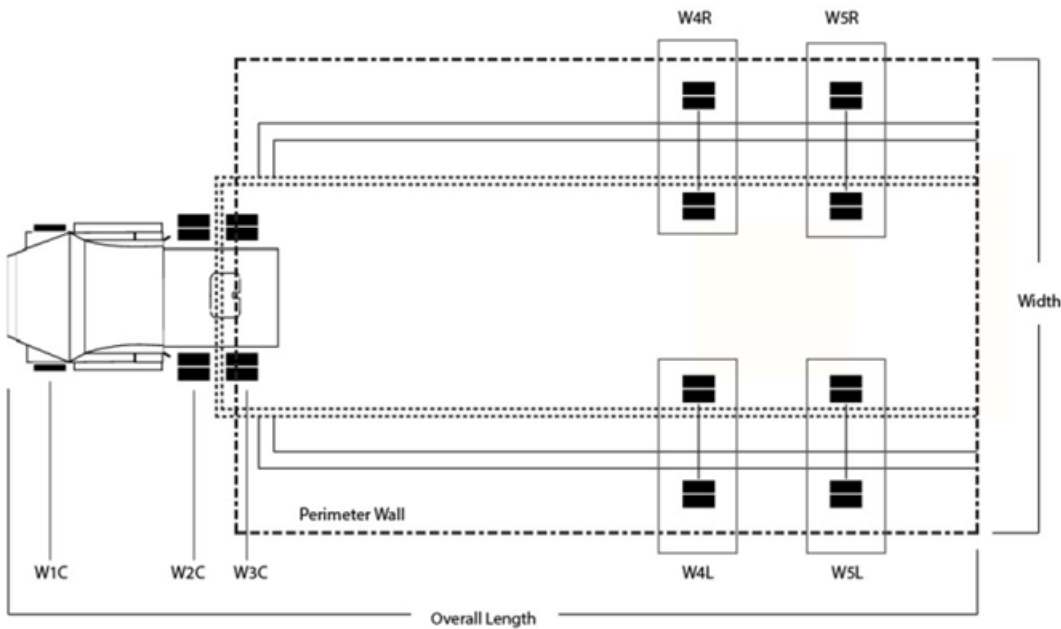

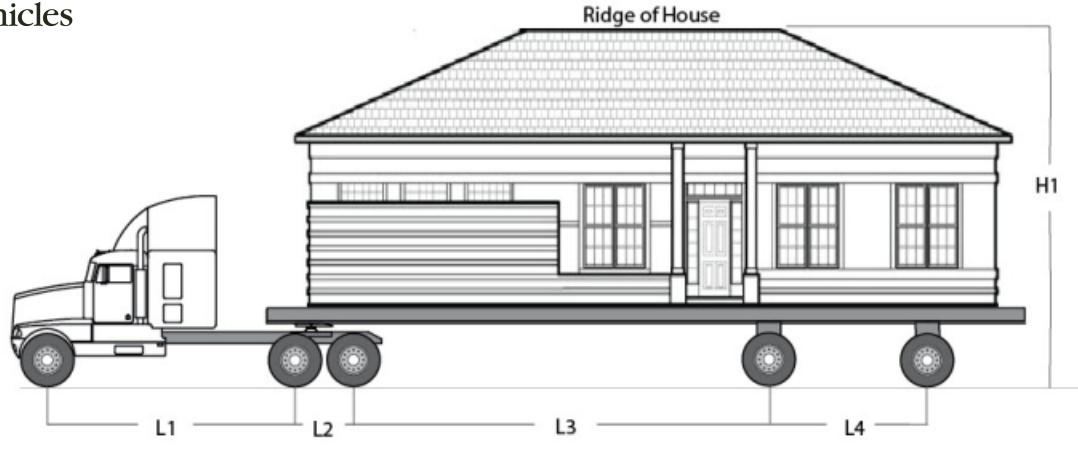

TxDOT District Personnel Responsibilities:

1. District Permit Coordinator and the carrier or MCD will agree upon a route.
2. District Permit Coordinators will consider the following when approving routes:
 - The amount of inconvenience and hazard the move poses to the traveling public based on traffic volume, the highway geometrics and time of movement and
 - The overall width of the house or building, measured to the nearest inch, including the eaves or porches, the overall loaded height, measured to the nearest inch (height could create an extra routing problem because of overhead wires).
3. District Permit Coordinator will facilitate and expedite a house move request by contacting all maintenance offices within their District. If house will travel through any other Districts, proper approvals must be obtained.
4. District Permit Coordinator will submit Form MCD-109 to the MCD when carrier makes request through the district.
5. Upon issuance of the permit the carrier should request any extensions via the MCD. MCD will contact the TxDOT District Permit Coordinator for approval.

For questions regarding your application status, email MCD_Permit-Housemoves@TxDMV.gov or call (800) 299-1700.

The Texas Department of Motor Vehicles maintains the information collected through this form. With few exceptions, you are entitled upon request to be informed about the information that we collect about you. Under §§552.021, 552.023 and 559.004 of the Texas Government Code, you are entitled to receive and review the information, and to have us correct erroneous information.

House Move Application Example Page

The diagrams above are examples. Please report your axle configuration exactly as your load is configured to include any extra axles that are not depicted above. Axle Spacings (*Example: L1 to L2, L2 to L3...*) and weights per axle (*Example: W1, W2, W3...*) must be documented in the chart below.

If you have any questions, please contact MCD at (800) 299-1700.

	L1	L2	L3	L4	L5	L6	L7	L8	L9	L10	
Axle Spacings (Ft/In)		12	4	46	4						

	W 1	W 2	W 3	W 4	W 4	W 5	W 5	W	W	W	W	W	W	W
Lane Travel*	Center	Center	Center	Right	Left	Right	Left							
Weight (x1000)	14,300	20,000	20,000	23,000	23,000	23,000	23,000							
Number of Tires	2	4	4	4	4	4	4							
Tire Tread Width	11	11	11	11	11	11	11							

*For Lane Travel Use: Center, Right or Left
